

ST. JOHN'S PREP

Director, Center for Global Health and Wellness

St. John's Prep is an inclusive, Catholic, Xaverian Brothers Sponsored School for young men in grades 6 through 12. Founded on the Xaverian values of compassion, humility, simplicity, trust and zeal, we educate students to be, do and stand for good in the world. We enroll 1,500 students from more than 60 communities.

St. John's Prep will open a new Center for Global Health and Wellness in September 2019. It is one of four Centers for Mission and Research, including the Center Environmental Sustainability (also opening in September 2019), the Center for Innovation and Design, and the Center for Justice and Peace (both opened in September 2018). More information on the Centers may be found [here](#).

In honor of the missionary spirit of the Xaverian Brothers and their response to the call of Catholic social teaching internationally, the Center for Global Health and Wellness aims to raise awareness and promote inquiry that contributes to valuing the life and dignity of each human person throughout the world.

The Director of the Center for Global Health and Wellness is a ten-month position with an additional stipend to facilitate enrichment opportunities through auxiliary summer programs on campus. Reporting to the Principal/Associate Head of School, the Director of the Center for Global Health and Wellness will:

- Facilitate academic research/capstone project opportunities for High School students, beginning in the 2019-2020 school year. Mentor students throughout the process of developing topics, conducting research, and presenting completed projects.
- Work with faculty and staff to integrate themes of global health and wellness into the curricula across grades 6 through 12.
- Explore strategic partnerships with centers for global health and wellness at institutions of higher education, nonprofit organizations and health care organizations/industry.
- Provide students in grades 8-12 with “real-world” opportunities to explore global health and wellness in action.
- Connect alumni and other members of the larger community with the academic life of St. John's as visiting experts, speakers and/or mentors.

St. John's
Preparatory School
72 Spring Street
Danvers,
Massachusetts
01923
